solved

One phone call made the difference.

Monica didn't have time to call around to all the childcare providers in her area, so she called her Employee Assistance Program (EAP). Within one day, she:

- Spoke with an EAP advocate who connected her with available childcare options
- Received an email with a list of providers that matched her needs and included a math tutor
- Learned about a new after school program in her neighborhood
- Received a checklist outlining what to look for, including a list of questions to ask when reviewing childcare centers

**Call your confidential EAP any day, any time,
for free assistance with information, resources
or a referral to help resolve your concerns.**
