solved

Concerned about pet's well-being.

One phone call made the difference.

Eric was preparing for a week-long vacation but did not have a boarding plan for his new puppy, so he called his Employee Assistance Program (EAP). Within a few days, he:

- Spoke with an EAP advocate who connected him with pet care resources
- Learned dog training techniques that would assist in a smooth transition
- Received an email with a list of boarding facilities in his area
- Went on www.cignabehavioral.com for self-service resources

**Call your confidential EAP any day, any time,
for free assistance with information, resources
or a referral to help resolve your concerns.**
